Valid Identification for Visitation

All visitors to the Jail must provide a valid form of identification. Valid identification is an instrument which allows jail staff to reasonably determine the visitor is who they identify themselves to be.

Valid identification cards include:

- State Issued Drivers License
- State Issued Identification Card
- United States Government Employee ID
- Illinois Bar Association Card
- McHenry County Employee ID Card
- Passport
- I-551 (lawfully admitted permanent resident, resident alien, permanent resident card).

- A birth date is not required on the photo ID unless there is a question regarding the age of the visitor.
- Addresses are not required on identification cards for the purpose of visiting.
- Cards with expiration dates must be valid and not expired.
- Matricula or ID cards are not considered valid forms of identification due to the difficulty in determining forged documents.
- All adult visitors must have a valid photo I.D. Child visitors accompanied by an adult are not required to present a photo I.D.
